Fundamentals Of Voice And Data Cabling Companion Guide (Cisco Networking Academy Program) (Cisco Networking Academy Program Series)
Synopsis

The Official Companion Guide of the Fundamentals of Voice and Data Cabling course within the Cisco Networking Academy ProgramMaps to the most current Web-based course of the Fundamentals of Voice and Data CablingPrepares students for the BICSI Installer, Level I examReinforces concepts learned through hands-on exercisesThe Cisco Networking Academy Program’s Fundamentals of Voice and Data Cabling curriculum was released in July 2002. The course is sponsored by Panduit, a leading provider of voice and data cabling equipment. The Companion Guide complements the Fundamentals of Voice and Data Cabling Web-based course as well the Lab Companion and Engineering Journal and Workbook from Cisco Press. The course and companion materials provide an introduction to the physical aspects of voice and data network cabling and installation. The review questions and exercises focus on cabling issues related to data and voice connections to provide an understanding of the industry and its worldwide standards, types of media and cabling, physical and logical networks, and signal transmission. This book will help students learn how to do the following: read network design documentation, set up part lists and purchase components, pull and mount cable, choose wiring closets, install jacks, and perform cable testing. Students will also develop skills in documentation, design, cable management, and troubleshooting installation issues, as well as laboratory and on-the-job safety. The hands-on approach and comprehensive coverage of topics in the Companion Guide will be part of a unique learning package that helps students prepare for the BICSI Registered Installer, Level 1 exam.

Book Information

Series: Cisco Networking Academy Program Series
Hardcover: 816 pages
Publisher: Cisco Press (June 20, 2003)
Language: English
ISBN-10: 1587130874

Customer Reviews

Love It!

Together with its Lab Guide and Journal and excellent grounding in structured cabling.
Recommended.
