Customer Reviews

I have always loved the appetizers more than the food it self but I am always burdened mentally while eating them because of their high calorie content and thus the weight gain that they cause. But this book has resolved some of my problem by providing some wonderful recipes for healthy appetizers. Lucky to have it !

Double Cheese Pizza Bites anyone? Just kidding.. they are all mine! As with most of these amazing appetizers I make them and want to eat them all, sharing only if a family member happens to be around! If you make these, double or triple the recipes if you'll actually have guests around! LOL!

Easy Healthy appetizers for everyone. Good directions and easy ingredients.
