Loving Common Lisp, Or The Savvy Programmer's Secret Weapon

Synopsis

This is the third edition (August 2013) of my book "Loving Common Lisp, or the Savvy Programmer's Secret Weapon." I removed some of the older material from the earlier editions and added application examples for using Common Lisp clients for: MongoDB, Solr, CouchDB, and relational databases. I also added a chapter using my Natural Language Processing (NLP) library and a short chapter on information gathering. The purpose of this book is to provide a quick introduction to Common Lisp and then provide the user with many fun and useful examples for using Common Lisp. Before you buy this book you can first look at the programming examples at <https://github.com/mark-watson/loving-common-lisp> The author has used Lisp programming languages professionally since the 1980s.

Book Information

File Size: 1159 KB

Print Length: 143 pages

Simultaneous Device Usage: Unlimited

Publisher: Leanpub; 3 edition (February 6, 2016)

Publication Date: February 6, 2016

Sold by: Digital Services LLC

Language: English

ASIN: B01BK05P8A

Text-to-Speech: Enabled

X-Ray: Not Enabled

Word Wise: Not Enabled

Lending: Not Enabled

Enhanced Typesetting: Enabled

Best Sellers Rank: #855,428 Paid in Kindle Store (See Top 100 Paid in Kindle Store) #97
