100+ Canadian Celebrity Mail Addresses: For Autograph Collecting, Fan Mail, Charity Fundraising, Event Management, Agents, Journalists, Paparazzi, And More!

Synopsis

For the best part of a decade I made my living, in fact I made a small fortune, sourcing world class signed memorabilia for some of the worldâ™s biggest private collectors and dealerships of autographs in the world. I started from the bottom up, building contacts, sensitive address lists, even driving around in a car like a paparazzi. Within three years I employed three people to source the autographs using my carefully compiled collection of fully verified celebrity mail addresses. Now that I have taken semi-retirement in Spain to run a small beachside bar I have no use for the collection, no rivals to keep them from, and my dossiers have been taken out of the safe, dusted down, and typed up into a collection of Kindle exclusive books for collectors, dealers, and anybody else who would benefit from the ability to tap into this data for their commercial operations. There was a time when I wouldnâ™t have sold my collection of celebrity addresses for any less than \$100,000; it was worth more than that to me each and every year. Now they can be yours for \$9.99 â“ just one successful letter to an A-list celebrity could give you a 4000% return on investment. I can make no guarantee that all of these addresses will still be valid, only that they have all once been valid and have been valid recently; but I would expect that at least 90% of the addresses in this awesome collection will still work. Whether you are an autograph collector, an aspiring autograph dealer, a charity who wants to raise funds, an agent looking for clients, a journalist looking for potential interviewees, or a film producer looking for people to cast â“ this book will prove invaluable. I just know that my collections will become the first that you refer to after your first batch of letters leave. James Albrighton isnâ™t my real name, it is completely made-up, but when you establish close relationships with celebrities and their agents for a decade or more you just simply donâ™t want to be seen to breach that trust. Selling you years of research for the price of a fast food meal isnâ™t easy for me, but it is the right thing to do â“ Iâ™m not going to use them, I want you to.

*â fThe Series*My carefully compiled and verified collection of celebrity mail addresses currently stands at over 12000; it once stood at 20000 â“ sometimes celebrities simply move home! This book, The Canadian Celebrity Address Book, contains the 100+ Canadian addresses within that collection. If you would prefer to own a single book which contains all 12000 celebrity addresses, then you need to search for The Celebrity Address Directory. There are also smaller collections which will suit Paparazzi and local journalists, including the Beverly Hills Celebrity Address Directory and the Hollywood Celebrity Address Directory; another significant collection is the New York Celebrity Address Directory. The second largest collection, available on Kindle, is The American Celebrity Address Directory which contains 8000+ American Celebrity Addresses. For those based in Europe there is The British Celebrity Address Directory and The European Celebrity Address
